FIRST YEAR EXPERIENCE

First Year Experience
10 Gage Complex
Phone: 507-389-5498

Minnesota State Mankato recognizes the academic and personal challenges faced by first-year students. The First Year Experience (FYE) program is designed to enhance and support new students success.

Orientation. Extensive summer programs are designed to familiarize new students with the college environment, provide advising, and assistance with registration. Orientation programs are also available for students entering Spring term.

Special orientation programs are provided for international students. Many departments welcome students each year with informal orientation programs.

Invitations and information about the programs are sent to students. If you have any questions about orientation or entering the University, contact the Office of First Year Experience.

Academic Success. FYE provides academic advisement for all undecided/pre-major students at Minnesota State Mankato, personal and academic transitional support for the first year students; and assistance with major selection.

FYE helps students address academic difficulties early through the midterm reporting system. Through this system FYE contacts professors of all students who have earned fewer than 24 semester credits, asking for a midterm progress review. A follow-up contact is made with students in academic difficulty. The follow-up is made by an Academic Advisor and is designed to offer academic support, resources and the option to meet personally with an academic advisor.

The First Year Seminar. This one-credit general education course to introduces first-year students to the academic community. The course focuses on enhancing communication skills, critical thinking, and examining the components of a successful first year transition, both personally and academically. Classes are small, giving students and professors an opportunity for lots of interaction. This course meets once a week for 50 minutes.

Probation Advising Plan for First Year Experience Pre-Major Students

FYE takes the following steps to notify and support students facing academic probation:

1. An initial letter will be sent from the Office of Academic Affairs to students who are on probation.
2. Within the first weeks of the semester, the First Year Experience Program will send letters to undecided students who are on a academic probation.
3. Undecided students on probation will be instructed to attend a group intake session offered by First Year Experience before the end of the first month of the academic term, (dates will be sent to students)
4. Undecided students will need to complete a self-assessment form during the group intake process.
5. After the intake process, students must bring their completed assessment and a copy of their current, unofficial transcript to the FYE office to set up an individual appointment to meet with their academic advisor.
6. At the meeting with the advisor, students will complete an Academic Improvement Plan.
7. Upon satisfactory completion of the plan the academic advisor makes the recommendation to the Assistant Director for Advising Support Services to have the students hold lifted.
8. Undecided probationary students must demonstrate satisfactory completion of their Academic Improvement Plan. Failure to do so will delay priority registration, impact support for other academic actions, I.E. suspension and/or financial aid reinstatements.
9. After registration has occurred, the hold is reinstated.

Learning Communities. Learning Communities are groups of 15-25 students who take fall semester courses together and live on the same residence hall floor. Participants develop lasting friendships with students who share common interests and have the opportunity to interact with select faculty.

Each learning community has a Learning Community Coordinator (LCC), an upper-class student dedicated to the academic success of every member as they transition to college life at Minnesota State Mankato. The Learning Community Coordinator assists each student in setting and achieving academic goals, develops study groups for the community, and plans community events.

Phone: 507-389-6146
www.mnsu.edu/wcenter

The Women's Center. For anybody. Any time.

Welcome to the Women's Center. It's called the Women's Center because we just can't call it the "Come on in and Relax and Put Your Feet on the Chair Center." It doesn't fit on a sign and we only have so much furniture.

Plus, we really are a women's center. For starters, there are lots of women here. Very cool, friendly students and staff who know the campus and can help with any question about the university or getting through it. That's if you need help – you're also welcome to drop by for nothing more than to **meet some new people, talk about whatever's on your mind or just catch some easy time.**

Located on the second floor of the Centennial Student Union, The Women's Center is an ideal place to take a break, yet we're also a good resource for students who want to plug into issues on campus and beyond. Close to home, we're committed to making the campus community safe for women, and we're proud to house the office of Sexual Violence Education, available for all students, all the time.

We also serve as a place that can help you get your concerns heard, whether they're of a confidential nature or a public one. **Your secrets are safe here, and so is your lunch** (we have a nice fridge and a microwave).

It can be easy to feel lost in a large university – we're here to help you use your individual strengths, passions and confidence to help you succeed in your time here and afterward. We're like your personal cheerleaders – minus, of course, the pompons and coordination. **We don't care how you vote, where you're from or what you eat:** You're welcome here. Period.

Not a woman? All the better – come in and see what we're about. Chances are you know one, and if she finds herself with issues of self-confidence, alienation or a career crisis, you can be the enlightened friend who recommends a stop to the Women's Center. Our goal is to help more women on this large, busy and diverse campus feel confident, proud and welcome.

The Women's Center has a number of opportunities for involvement as well, like designing campus-wide programs to bring in great guest speakers and shaping how we celebrate Women's History Month. **Academic credit is available** for internships that involve research and leadership within the Center. Volunteer opportunities abound. We'd love to hear your ideas and suggestions.

For more information, stop by the Women's Center in CSU 218. We're looking forward to meeting you.

to introduce themselves to a wide array of musical and educational experiences. Concerts are presented in the 350-seat E. J. Halling Recital Hall of the Performing Arts Center. Special student-priced tickets are available.
