Physical education develops and maintains individuals for vocational and personal pursuits through physical activities. Students are taught conditioning activities and recreational skills for this purpose and for desirable mental attitudes and social behavior for university and post-university life. The professional programs listed are designed to prepare students for leadership in human performance/physical education and related fields.

Admission to Major is granted by the department. Minimum university admission requirements are:

- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.5 ("C") or above.

Students are encouraged to consult with appropriate advisors for additional departmental requirements.

Policies: Candidates of the physical education teaching degree and DAPE minor in the department must have a cumulative grade point average of 2.5 or above to be admitted to the Department of Human Performance and Professional Education. A grade of "C" or better is required in all courses in the major and minor. Candidates may not take any course in the major and minor from the department as independent studies.

Students planning to major in the College of Allied Health and Nursing have an advisor from their area of interest assigned to them. Questions and concerns pertaining to advising and the assignment of advisors can be answered by Mark Schuck, student relations coordinator, 1848 Highland Center, 507-389-5486.
